A U T O G R A P H S

Kevin,

This year has gone by pretty fast. It seems like yesterday we were going out for the first time. A lot of things have happened since then, good and bad, but the one thing that will never change is how I feel about you. A few years ago I would never thought that we would ever go out. I thought of never Kim's big brother. All of that has changed because you now mean a whole lot more to me than that. You are very special to me. You make me laugh and sometimes I know that sometimes I may get very jealous over stupid things but that is because I am afraid of losing you. You mean too much to me and I guess that is why I put up with

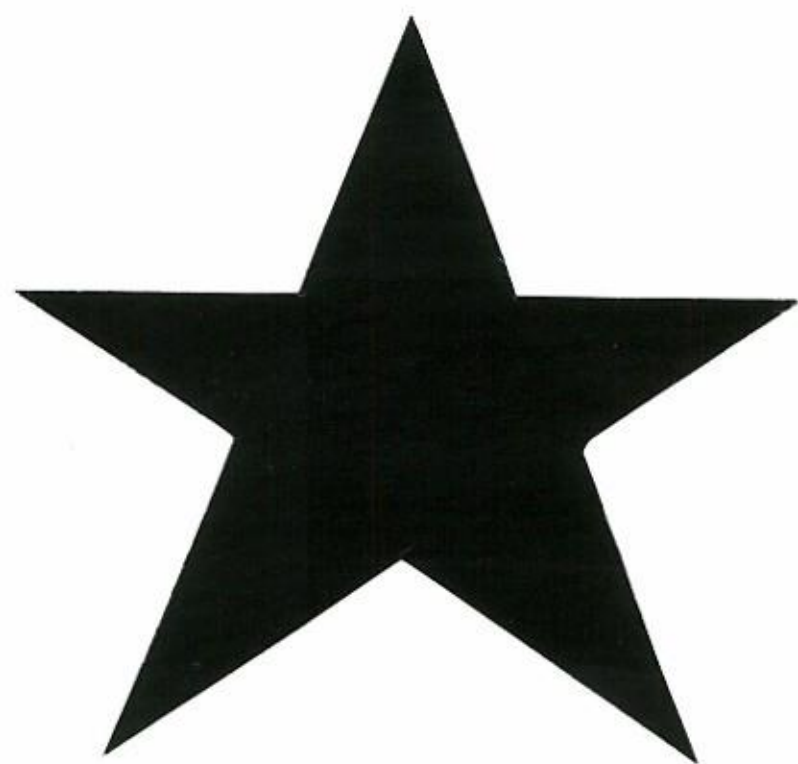

some of the things
you do. (In Denton, for instance.)
Some people say that I
shouldn't put up with it, but
I feel that I shouldn't do
what other people think, I
should do what I think. I
think, well I know that I
care about you too much
to stay mad at you. Now,
I am not saying that I
never do anything to make
you mad, because I am
sure that I have done a lot
of things. I know that there
has been a lot of conflict
with Jimmy, but he was in
the past and all that we are
now is friends. I am sure that
mine and Jimmy's friendship
has caused some problems, and
I am sorry for that. But
I just want you to know
that it is you that
I love, and not
him.

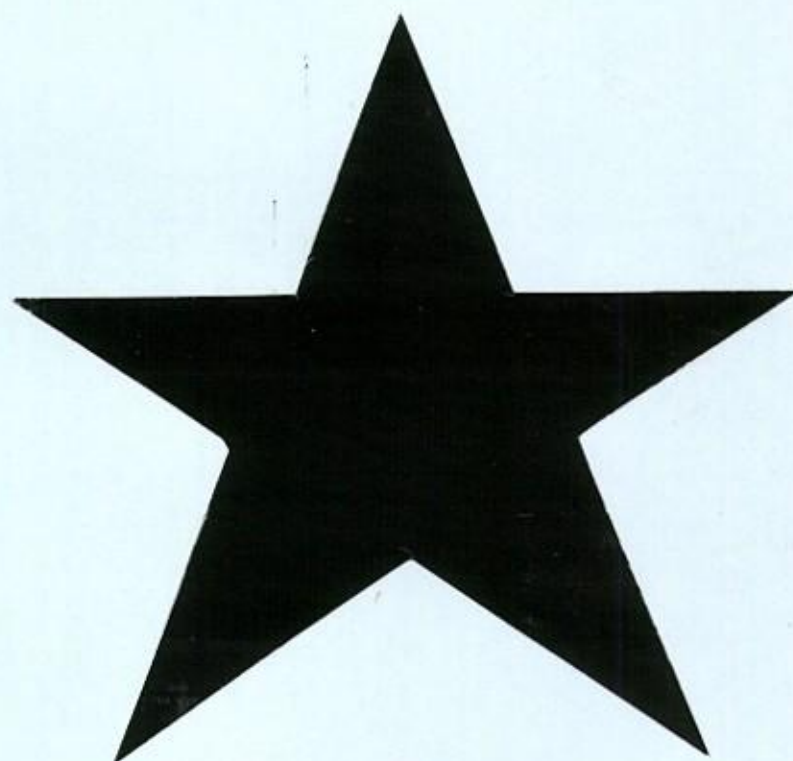

A U T O G R A P H S

There is
so much more
that I want to tell
you, but I don't want to make
this too long. I just want
you to remember that I
love you and they will always
be a place in my heart for you.

Love
always,

Jennifer

It Was Just A Typical Day

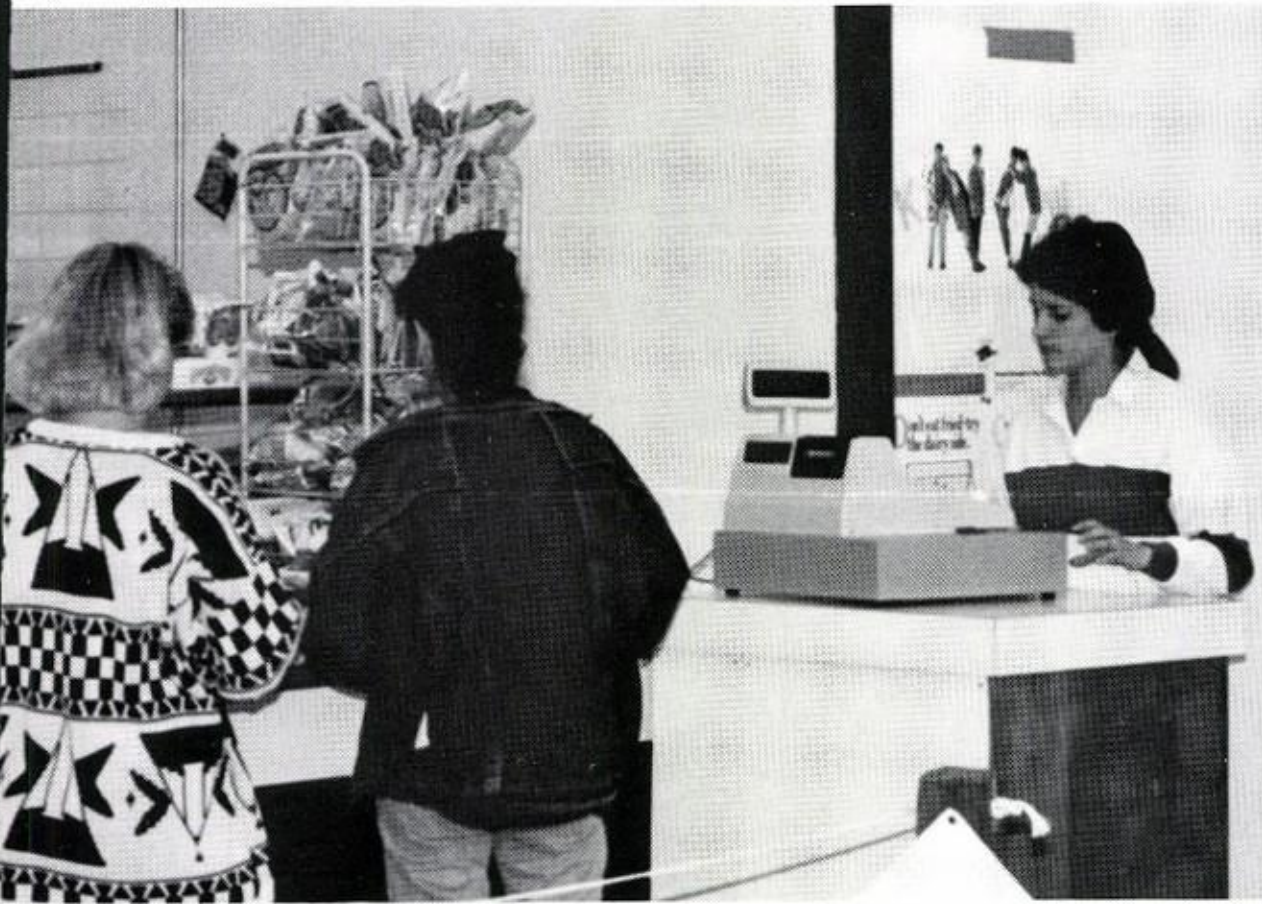

Beep . . . Beep! The alarm goes off loudly in your ear. Another school day has begun. Once students have arrived at school, they have homework to do, friends to talk with, and breakfast to eat. Most students have 7 classes in a day. In-between each class, the 5 minutes are spent with comments such as “What a day!” Lunch is also a very welcomed time for students, and then it’s back to the books once again. When the final bell rings, the students rush out to their lockers, cars, buses, athletic practices or D-Hall. Finally, the parking lots are empty, the sun sets, and the typical day is over. Then there’s tomorrow . . .

ABOVE: **Willie Hubbard, Barbara Hill, and Lisa Smithart** serve a nutritious lunch to students everyday.

Above: Sweet dreams! **Monica Shamkin** catches 40 winks before school starts.

Above: "Ugh, NOT again," sighed **Rick Connell**.

Lockin' up

Lockers are meant for the use of the student to put his or her books and other school supplies in. This is true in a sense, but lockers are much more than that. Lockers are a piece of home. Students bring other items to store inside these lockers such as mirrors, posters, and a security blanket or two. These items plus the neatness of the locker portray the personality of the owner.

ABOVE: There's always so much to do in the morning! **Shannon Thomas** and **Margaret Stapleton** get ready for classes to begin.

ABOVE: Heads up, **Troy**!

Krissi Higgins quickly re-curls her hair with the aid of a friend's mirror.

Another %#@!! Morning!!

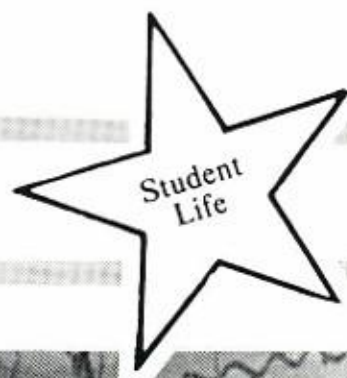

Ah, mornings! The earliest part of the school day when everyone is lifeless and as energetic as a sponge cake. Some people arrive early for athletics or other reasons and wait in groups in the halls by their lockers. They think of their warm beds that they left only an hour earlier. Girls think of how awful they look even though not a hair is out of place. As the morning progresses, more people come and the halls fill with their noise. Gossip is rampant. The cross-country runners arrive at 6:00

a.m. After their fast-paced stroll on the track, the girls make ready for school. They plug in their curling irons and other miscellaneous so they can look beautiful for the guys. "We need more plugs!" complained one girl. "We're always fighting over them."

After the daily grooming is over, the girls join others in groups and exchange gossip or inside tips on various classes. Students stand, sit, or walk around socializing until the bell rings.

Waking up doesn't bother **Julie Folks**.

SPIRIT

The Seniors really "captured" Homecoming spirit with their winning entry in the hall-decorating contest.

Katrina Reeves shows off her authentic '50's crinoline petticoat.

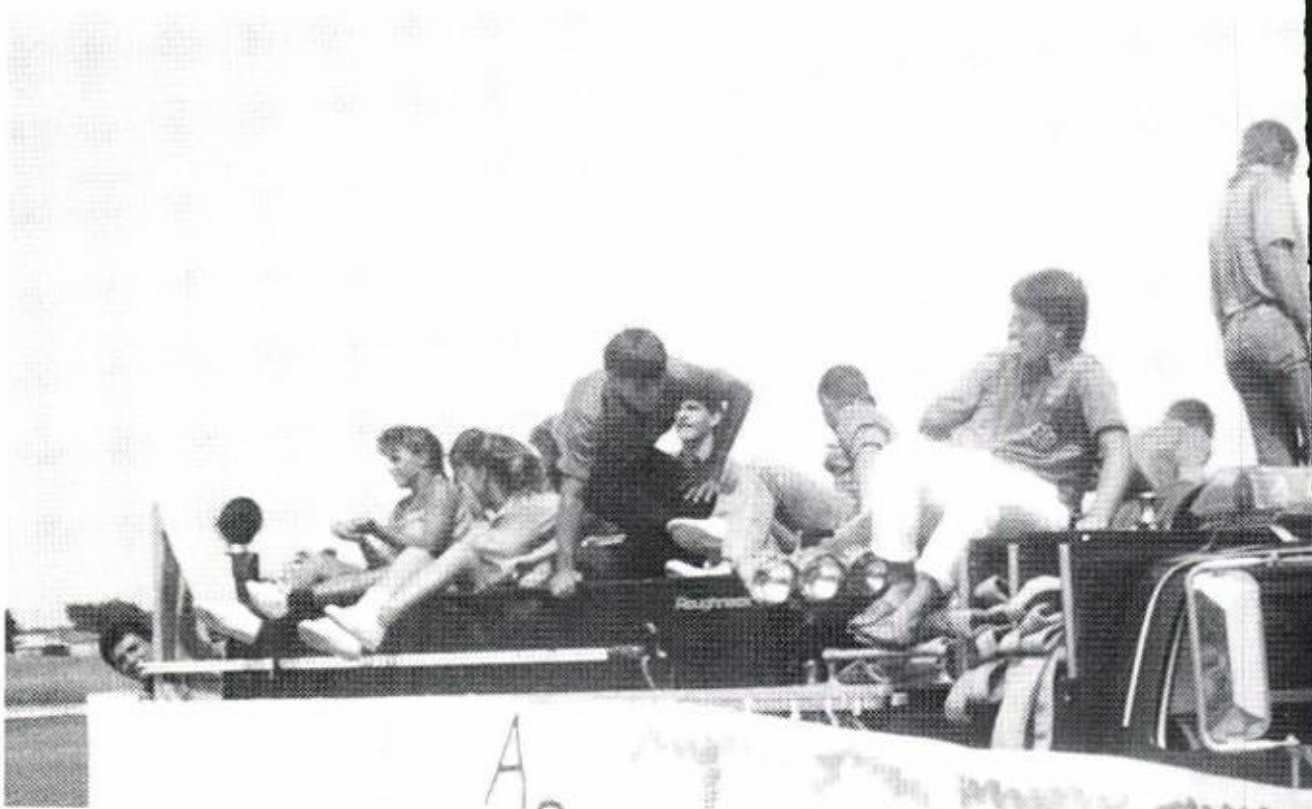

The week began with a school-wide hall-decorating contest. Students worked Monday night from 6:30 to 9:00 p.m. to finish their halls. The Seniors creatively displayed the "captured" Calisburg Wildcat. That famous Wildcat was the hard work of **Sharon Roper**. The Juniors were also innovative with their '50's decorations. **Laurie Pfingsten** brought 300 45 rpm rock-n-roll records to complete the "Let The Good

Times Roll" theme. The sophomores showed a blue and gold hallway, complete with a can of "Little Elm Classic". The freshmen's underwater world really caught the "fish" spirit.

As you may have guessed, the Seniors won the hall-decorating and Spirit Box contests. Their Lobo spirit just couldn't be beat! Spirit Week was closed with a rousing pep rally at the end of school Friday.

"Nerd Day" just wouldn't have been complete without these cuties: **Krissi Higgins**, **Dawn Bates**, and **Denise Cain**.

Those red-hot Lobos get "fired up" during an outdoor pep rally.

Students Enjoy The Game Of The Year

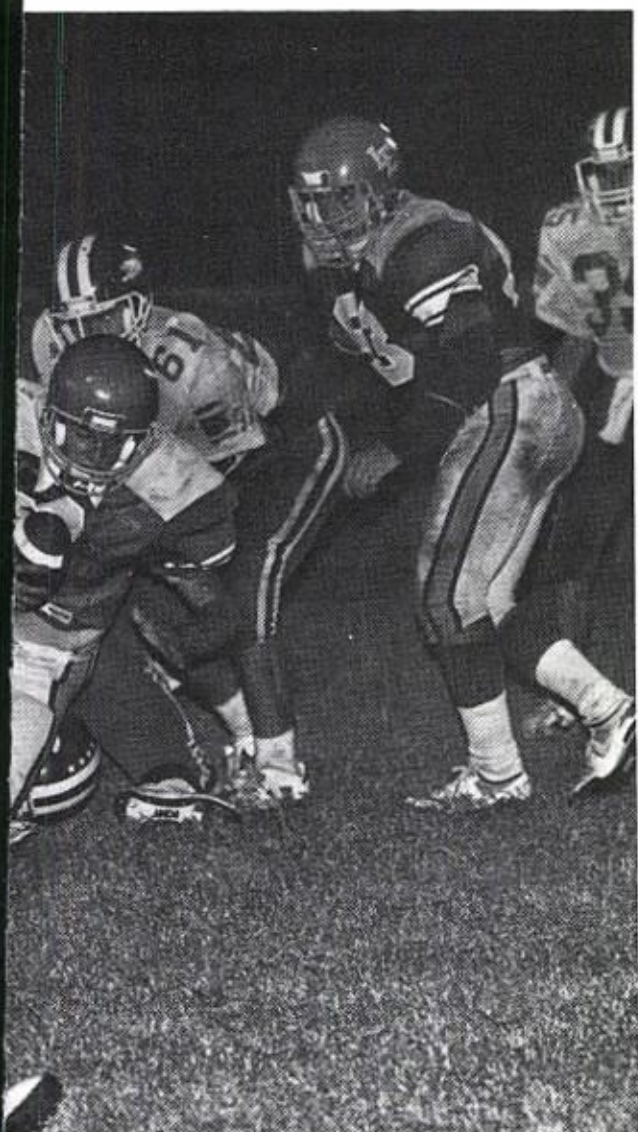

Homecoming is fancy dresses, mums, yells, the dance, and excitement. But most of all, Homecoming is football. On the game ride our hopes and our pride. The opponent was Callisburg, and although the final score (6 to 13) left Little Elm on the short end of the stick, the Little Elm team gave their all and a little bit more. Offensively, **Larry Stone** rushed for 99 yards and made the one TD. **Keith Belew** made

43 yards in 6 carries. **Larry Stone** and **Mac McGee** each completed a pass to receivers **Johnny Russo** and **Robert Perez**.

Defensively, **Kyle Belew** starred with 10 tackles, 3 of them unassisted. **Kevin Capps** was also outstanding with 10 tackles, 2 un-assisted. The final score was not what had been hoped for, but our team played with class and pride.

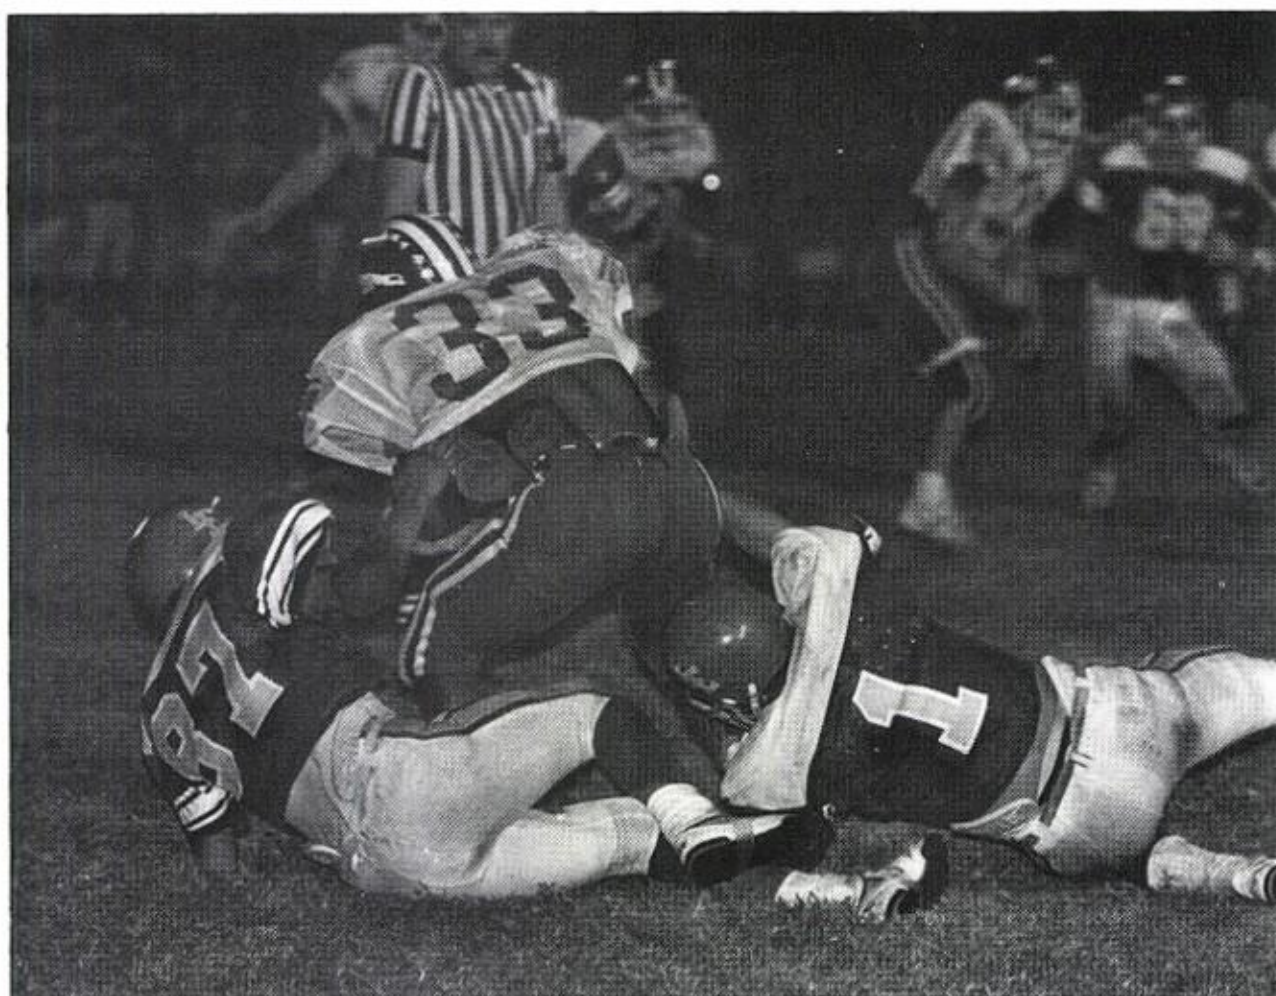

Keith Belew comes in to rescue **Mac McGee**, **Larry Stone**, **Robert Perez**, and **Kyle Belew**.

Memorable Moments ... The Homecoming Spirit Continues

Memories of our homecoming dance have \$ signs beside them. The guys had to buy mums at \$6 to \$37.50, but, of course, no girl would be satisfied with a \$6 job. **Larry Loomis** spent \$37.50 for a giant mum for **Teresa Joplin**. On top of that, tickets were \$5 per couple. Then there were dresses to be bought and in some cases, tuxes to be rented.

The gang danced until 12:00 to the music of Top Spin, a Denton disk jockey. The favorite songs that evening were "Let the Good Times Roll" and "The New Wipe-Out." The highlight was the crowning of the Homecoming King and Queen. The new reigning royalty were **Kyle Belew** and **Sherry Hemm**. How handsome and beautiful they looked!

Kyle Belew and **Sherry Hemm** proudly accept their positions as 1987 Homecoming King and Queen.

Miracle of the century, people danced at a Little Elm dance.

DANCE . . .

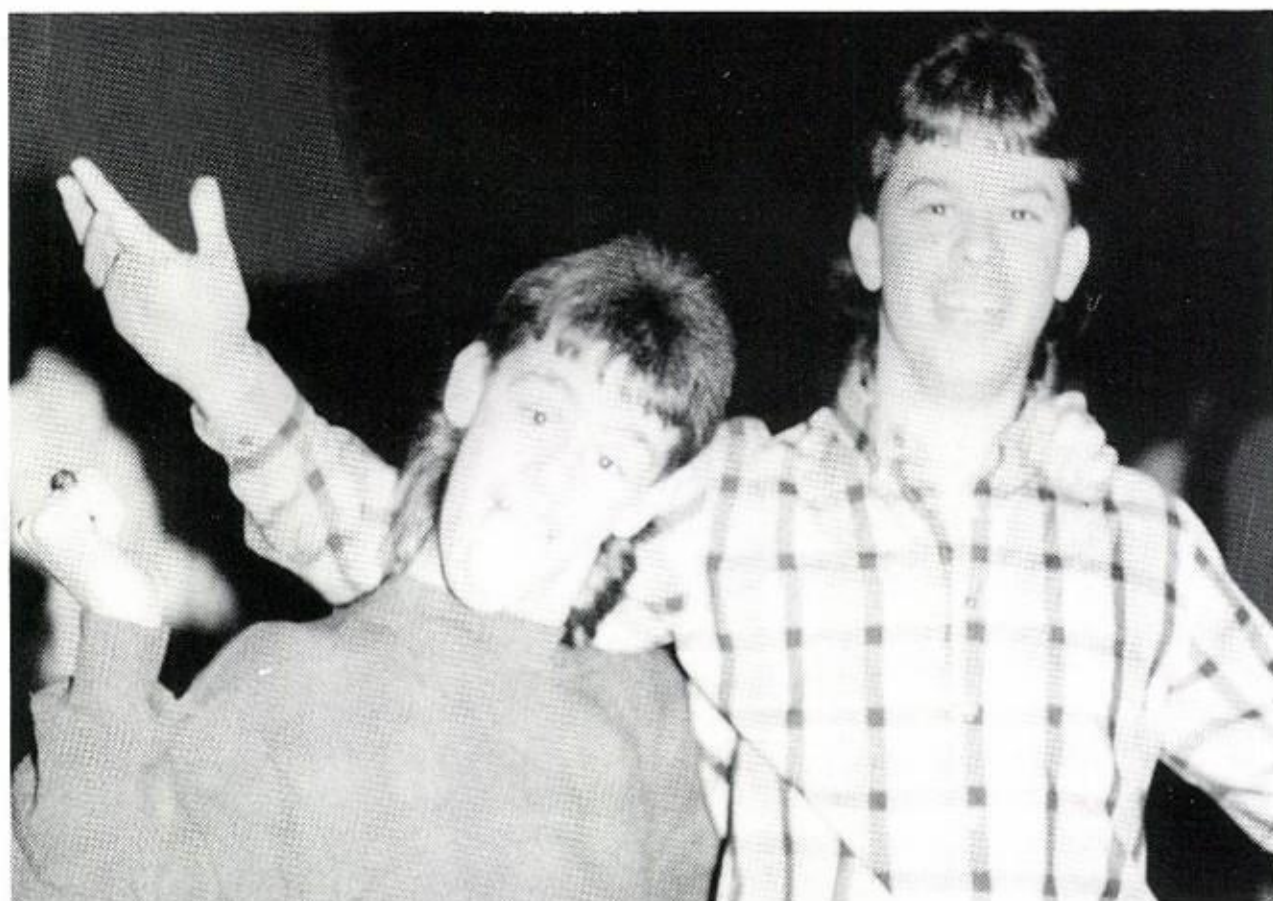

February 15, 1988, marked the date of the Valentine's Day Dance. This extravaganza included loads of beautiful decorations, sumptuous refreshments, and exhilarating music. For the first time in L.E.H.S. history, a Royal Court, chosen by the students body, presided over the evening's festivities. The Junior class did a remarkable job transforming the gymnasium into a haven for young lovers. April 23, 1988, was the day of MORP. The MORP was a Sadie Hawkin's styled dance for the freshman and sophomore classes. Decorations and refreshments were provided by the S.C. members. Music was provided by a group of upper-classman boys. There was lots of dancing, and lots of people having a fun-filled time that they will never forget.

Lights, Camera, Action!

"Places everyone." LEHS actors and crew prepared for their tenth consecutive entry into U.I.L. One-Act-Play competition. District contest was held at Coppell High School on March 26. In their production *Of Mice and Men*, **Kyle Belew** (Lennie), **Scott Kizer**, (George), and **Mike Davis** (Slim) were named to the District All-Star Cast. **David Jones** (Boss) and **Sabrina Burgert** (Curley's wife) received Honorable Mention. The entire cast advanced on to Area at Grayson County College on April 9. At the Area competition, **Kyle Belew** was named to the All-Star Cast and **Sabrina Burgert** received Honorable Mention.

Kyle Belew (Lennie) had a real "soft spot" for animals.

David Jones (Boss) checks the time as **Scott Kizer** (George) keeps a watchful eye.

Sabrina Burgert (Curley's wife) and **Kyle Belew** (Lennie) have a heart to heart chat.

Nervous? No Way!

"Will the next contestant please step up?" Little Elm students spent long hours of practice to hear those words! At the District contest, prose readers, **Jennifer McCoig** placed 5th and **Kim Capps** placed 2nd. Among the finalists in poetry, **John Stapleton** placed 6th and **Lisa Lynn** placed 2nd. **Bryan Wallace**,

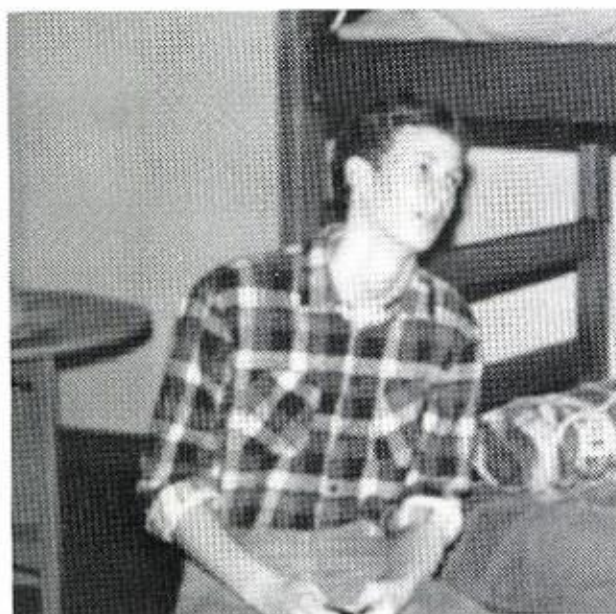

our only entrant in the spelling competition placed 2nd. Little Elm's first debate team, **Debbie Roberts** and **Ian Whaley**, shocked the district by placing 2nd in the debate competition. All of our second place winners received an invitation to compete in the U.I.L. Regional Competition held in Stephenville on March 23rd.

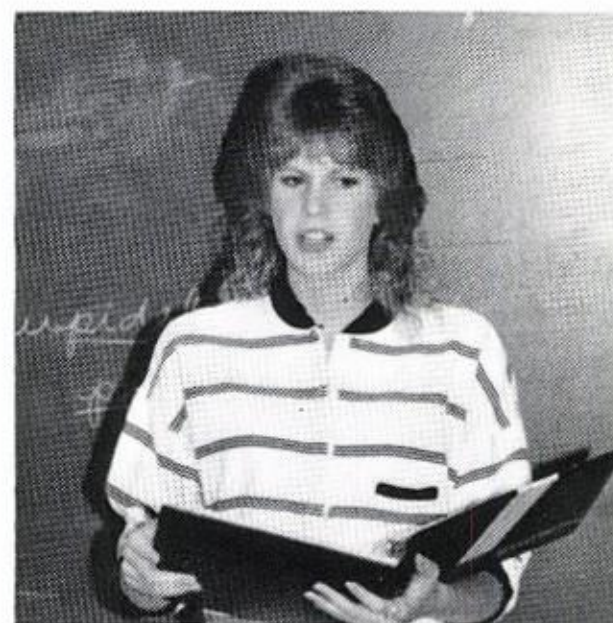

Practice makes perfect! **Lise Lynn** diligently reviews her poetry for the regional competition.

Ian Whaley and **Debbie Roberts** research to build a strong case for the District U.I.L. debate competition.

Mike Davis (Slim) makes his character come alive.

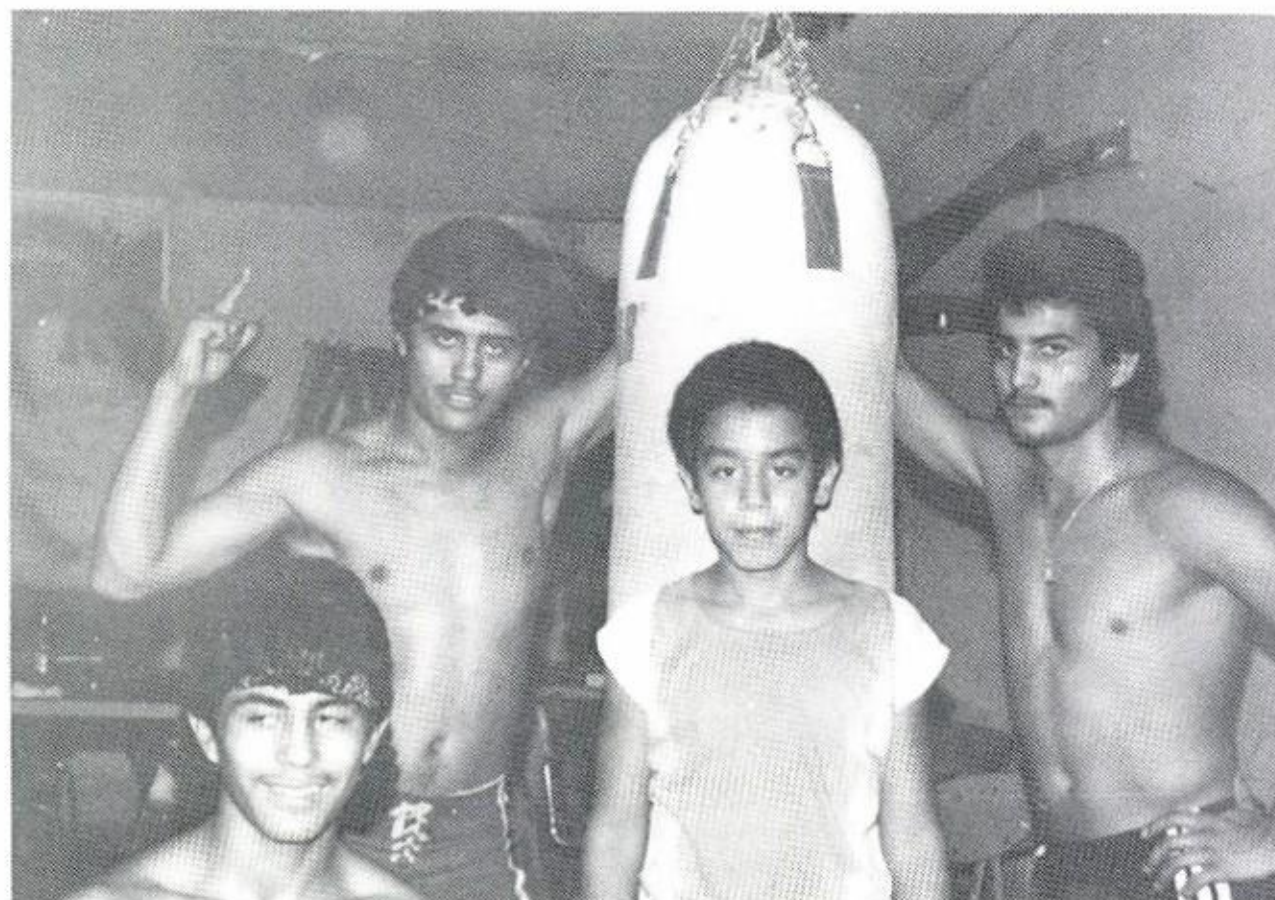

Kim Capps keeps good eye-contact with her audience- an essential element of the prose-reading competition.

ABOVE: It's party time for these 4 students! They own and run a local D.J. service after school and on the weekends. Their ages range from 13 to 17 and they've been in business a little over 1 year. Their names are: **Stephanie Richardson, Tina Eldridge, Feliz Lara, and Johnny Cross.**

R'n'R

ON THE WEEKENDS

It's the weekend!! Rest and relaxation was very important to students at Little Elm High. Without it, they couldn't have kept up with the tough school work given by the teachers.

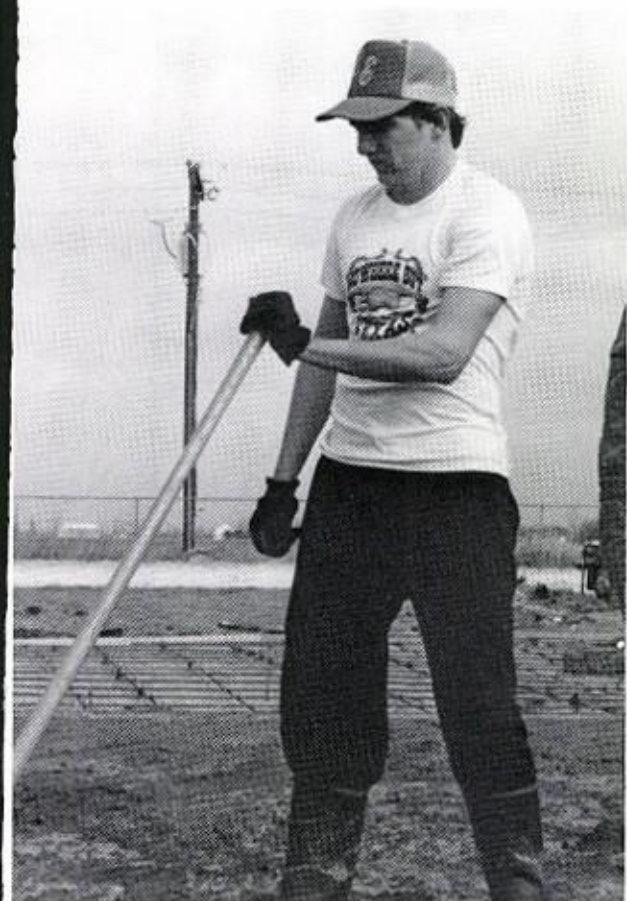

Some examples of weekend activities are dating, parties, and/or simply hanging out with friends.

The **Ortega's** for example, work out almost every weekend at Friendly Park Gym. **Richard, Joe, and Tony** have won trophies over the 9 years they have been involved in

boxing. Every 4 or 5 weeks they participate in tournaments and all the hard work and training pay off.

Perhaps one of the favorite weekend activities around Little Elm was fishing. On a warm, spring Saturday afternoon, **Blain Harper** and friends put "Gone Fishin'" signs on their doors and headed for the lake.

As the year drew to an end, the students anxiously awaited the long summer vacation ahead of them . . .

"Off to the bunny slopes!" yelled the seniors as they headed for the snowy mountain tops. The seniors were not for a moment bored. From snowmobiling to hot tubbing, the trip was a memorable one. "It was a real adventure," laughed **Denise Cain**. The seniors stayed at the Pioneer Lodge in Red River, New Mexico. **James Hall** stated, "I'm glad I didn't break any bones!" The trip had its ups and downs from the Cowpoke Trail to the Black Hills that **Spencer Morale** and **Johnny Russo** raced down! Even **Janice Alves** and

Donna Breaux dared the intermediate slope. Snowmobiling was an unforgettable experience. **Bob Forsythe** and **Cori Anderson** led the troop of seniors as they ventured up the mountains. At night, some groups got together and ate out at the St. Bernard Inn, while others enjoyed the cooking of **Keith Belew** and **Steve King** in their cabins. After dinner the seniors amused at a game hall called the "Playhouse" for pool and arcade games. This senior trip will be remembered for years to come.

Start Your Engines!

Beep ... Beep! Many students drive to school these days for many reasons. **Billy Chappell** laughed, "it's better than riding the bus!" Racing to school is sometimes the highlight of some students' day. Distances ranging from 30 miles to 8 miles away even make **Marie Poole** put the pedal to the metal.

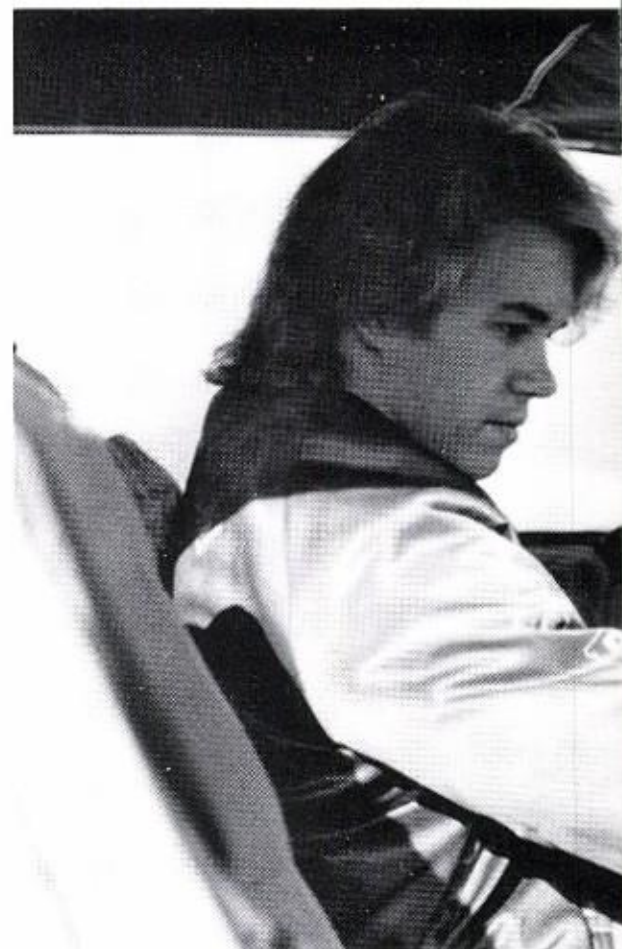

Driver's Ed. is a must to get a license at age 16. Students paid \$150 to come to school and hour early to learn to drive. **Jim Sloan** of Celina was the teacher who inspired students and tried to make the class interesting. **Charles Vance** stated that, "Driver's Ed. was long and boring but now I can DRIVE!"

Prom Chic

ABOVE: Cindy Griffin and Mike Phillips (non-student) live it up to the fast beat.

April 30, 1988, was the evening of the Prom. The day started out with the girls and guys getting ready for the Big Evening. Some couples went to dinner at The Magic Time Machine before the Prom. These students included **Denise Cain** and **Scott Franklin**, **Billy Roebken** and **Rendy English**, **Sheree Mazur** and **Blain Harper**, **Kevin Capps** and **Jennifer McCoig**, and **Steve King** and **Dawn Bates**. Other students, such as **James Blase** and **Kimberly Newell** chose to eat at the ultra-chic Hard Rock Cafe after the Prom. Some students had a *disagreeable repas* at McDonald's.

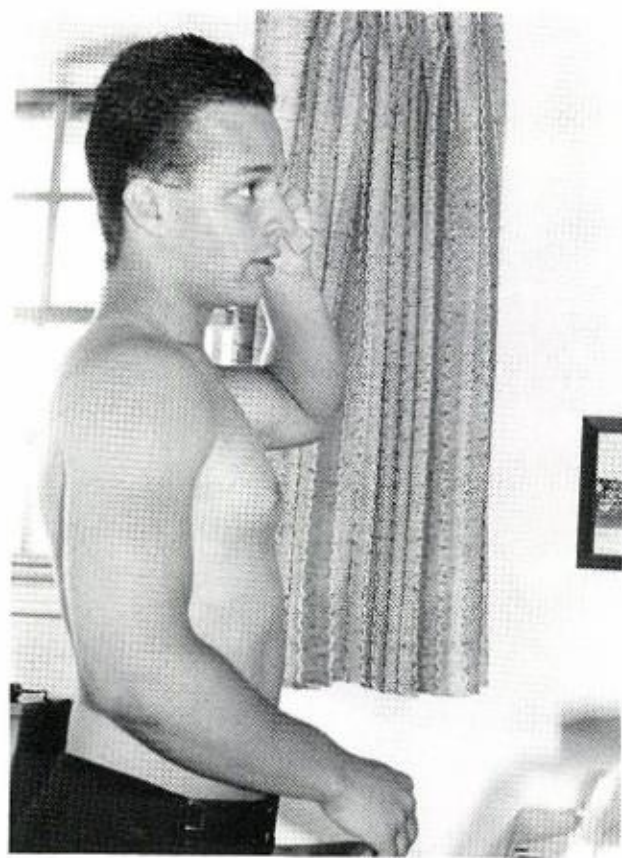

Everyone began to arrive at the Prom, held at the Willow Creek Country club, around 8:30. the dancing began right after pictures were taken. The Senior Prophecies were read by Jr. **Gayle Midkiff**, and Junior Wills were read by Sen-

iors **Kim Van Antwerp** and **Jimmy Mueller**.

When everyone was tired from "dancing" to that hip and awesome music that was played (Har, Har, Har!) they went on a leisurely stroll around the Country Club grounds. It was about 10:00 p.m. when most people decided it was finally time to have some fun, and everyone escaped to the after-prom party.

The party was held at former student Tammy Elmore's house in Navo. There were many of last year's graduates who attended the function. Many people began to arrive at the party around 11:00. Some people stayed at the Elmore's home and didn't leave until the next morning.

The 1988 Prom will always be remembered by those of us who attended, but what it will be remembered as ... well, some things are better left unsaid.

Friends are friends forever if the friend is true to them ...

Always Together ...

Friends are friends forever ... always remember: private conversations and quick snacks in the bathroom (**Monica Shamkin & Kim Newell**), getting out of class to meet your girl-friend in the library (**Larry Loomis & Teresa Joplin**), staying up late talking on the phone (**Stacy King & Jeff Polley**), having senior friends buy your lunch at McDonald's and bring it back to school for you (**Denise Cain, Sharon Roper, Julie Barto, and Mrs. Breaux!**), weekend slumber parties (ALL of us!), keeping each other awake in class (**Me-**

lissa Null & Christina Thomas), cruisin' on Forest Lane (**Kim Van Antwerp & Renee Warren**), taking each other home after a 3:00 AM fire call (**Bob Forsythe, Spencer Morale, Keith Belew**), running up to four miles for the "fun of it" (**John Stapleton & Rick Rodriguez**), and many more unforgettable incidents! Through the good times and the bad, all of our friends were there with us to care, share, help us out.

In-Between Breaks

Health, English, history, world area studies, biology, and various math classes are common experiences for almost all students at LEHS. At Little Elm standards are tough and teamwork is evident everywhere. Studying together for the "big exam" is common. "Does anyone have **Mr. Caillet's** last year's exam?" asks the perceptive junior. "Can we talk **Mr. Montero** into postponing his test?" inquires the hopeful Spanish I student.

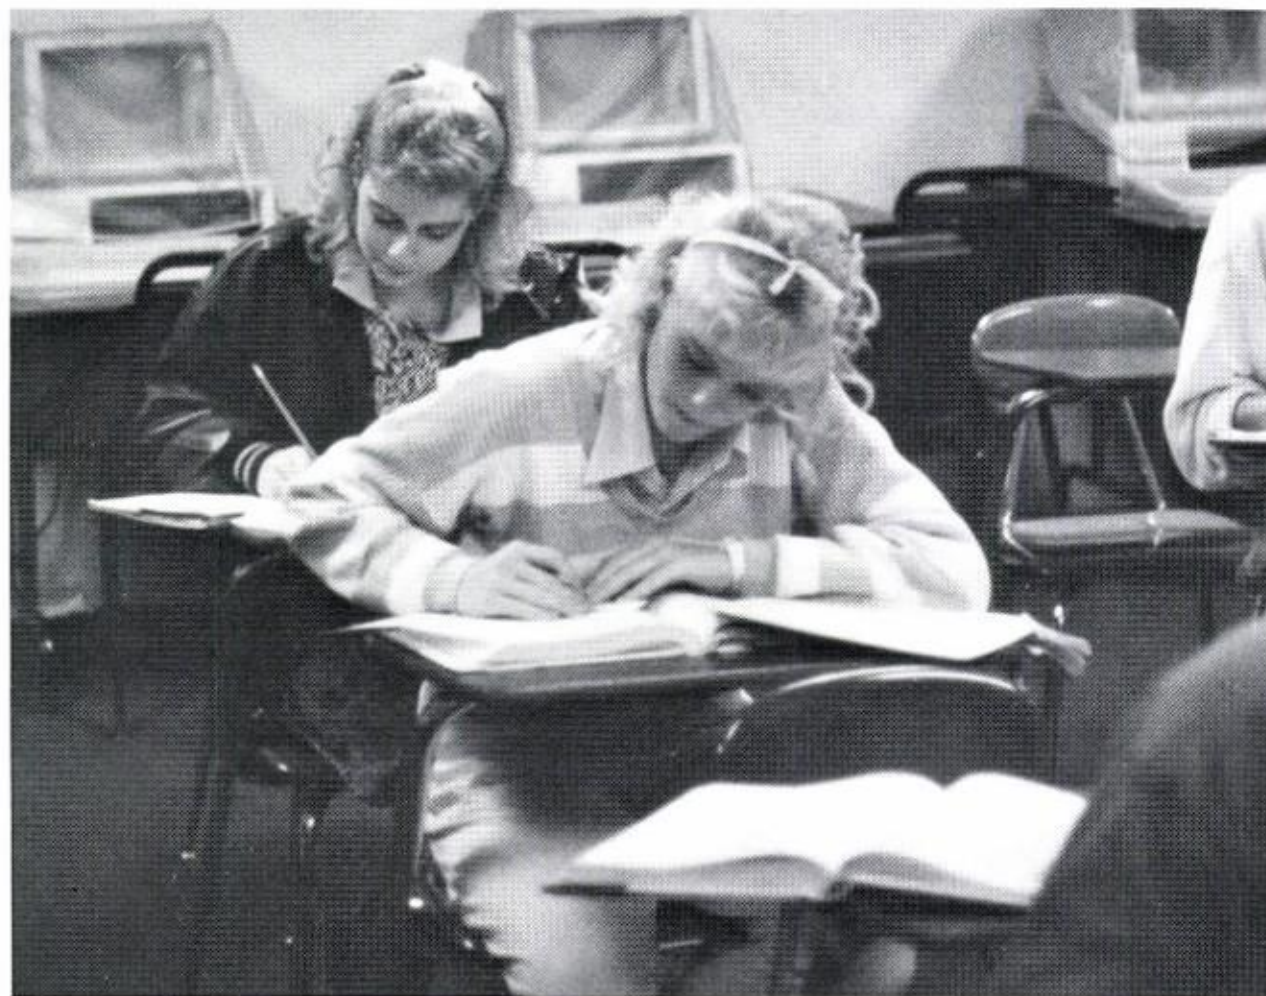

Most LE students have known the thrill of learning higher math with **Coach Ron Johnson** and advancing up the rank-ordered seating chart. "Who's first chair this time?" asks **Kelly Munch**. Who has not learned computer language from **Miss Heston** or physical science from **Mrs. Hennen**? It is these common academic struggles and triumphs that add a sense of unity and shared victory to our everyday lives.

Points To Ponder

Points to remember about choosing electives:

1. Make sure you haven't taken it already.
2. Make sure you don't hate the teacher.
3. Make sure your friends are in it. (This is very Important!)

Electives are an important part of life; you have to take them to graduate. Contrary to popular belief, not all electives are boring. "Woodworking is

neat," said **Robbie Anderson**.

"Yearbook was an experience," remarked **Lori Porter**.

Student Leadership taught students to make important decisions wisely and how to deal with authority figures. "It was hard work, but it was fun," **Monica Shamkin** said.

Of course, homemaking can't be forgotten; learning how to cook and sew are the necessities of life.

"Calling Betty Crocker!" **Janet Wilkinson** and **Doug Platt** learn the subtle skills of cake-bakery in Home making.

HELP US SHINE

Tests! Notes! D-Hall slips! Weekly Planners! Faculty meetings! Such elements were all part of a day's work for the teachers at Little Elm High. A year full of busy schedules plus a few spare moments in which they were able to relax, get to know their students, and be themselves. Our heart-felt gratitude goes out to these individuals who have dedicated their time and effort in order to enrich a new generation. Thanks, "teach!"

Freshman Sean Belew Leads The Lobo Band With Style

This year LEHS had a new star to boast about. **Sean Belew** was the first freshman in LE history to become Drum Major. Sean has been in band since 5th grade; last year he was assistant Drum Major under Tom Frederick. He plays the alto and tenor saxophone and is learning to play the trumpet.

Sean goes to band camp every summer where he works on vocals, marching drills, and conducting techniques.

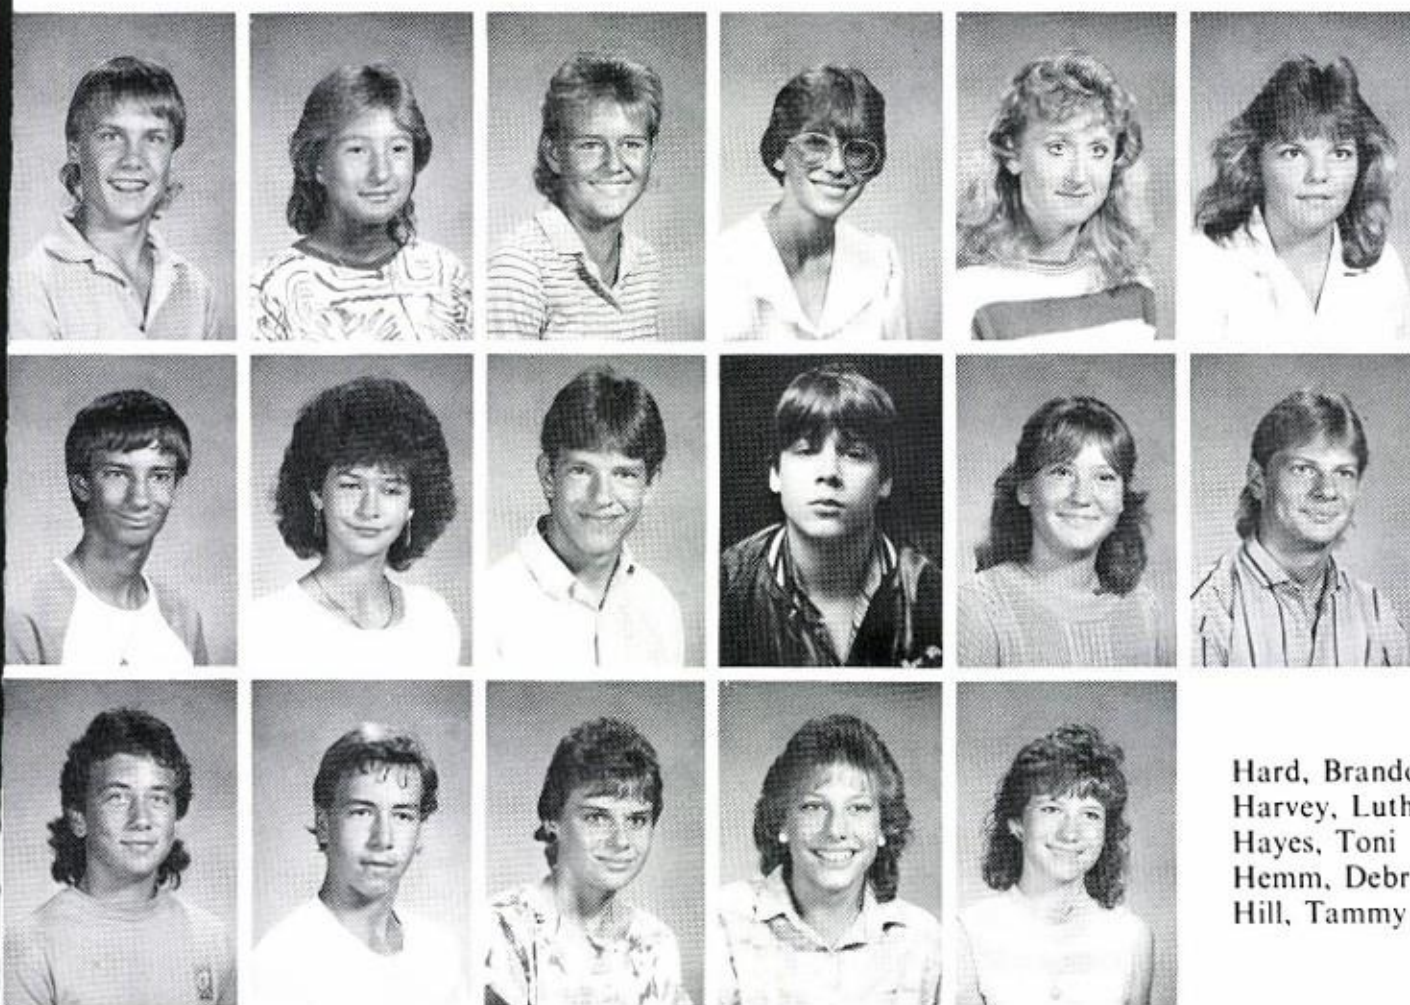

His duties as Drum Major are very demanding, but he feels that there is still time for fun. He admires band director **Charles Lynch** and says, "I think the band has come a long way in the few years Mr. Lynch has been here. This

year the whole band was young, but I feel we had a very good year."

He feels that being a freshman Drum Major is no different than being an upper-classman and being Drum Major. He says, "I don't think it would feel any different if I were older. It's just a job; it has to be done. I'm just glad I get to do it at such a young age."

He describes his duties as "knowing what needs to be done and doing it." He appreciates the support the band has from the Band Boosters Club.

Sean is clearly a great asset to LEHS. It's good to know he will be around three more years sharing his talent with us.

LE's Friendly Fish From Korea

Freshman, Amy Lee has an opportunity that few people her age have. Ever since her birth in 1974 she alternates four years in Taejon, Korea, with one year in America. She attended school in Little Elm in the fourth grade and now is

back for her freshman year. Amy seems to enjoy this life style, but she admits that it is hard to leave close friends when you move to a different home. On the other hand she admits that, "I consider myself lucky because since I live in

two places, I have a lot of close friends. The trouble is writing to them all!"

This friendly, outgoing student insists that she does not prefer either country over the other. She remarked, "I call Korea my home since I was born there and have lived there 10 years, but I think America is also great. I especially love the shopping malls. They are wonderful."

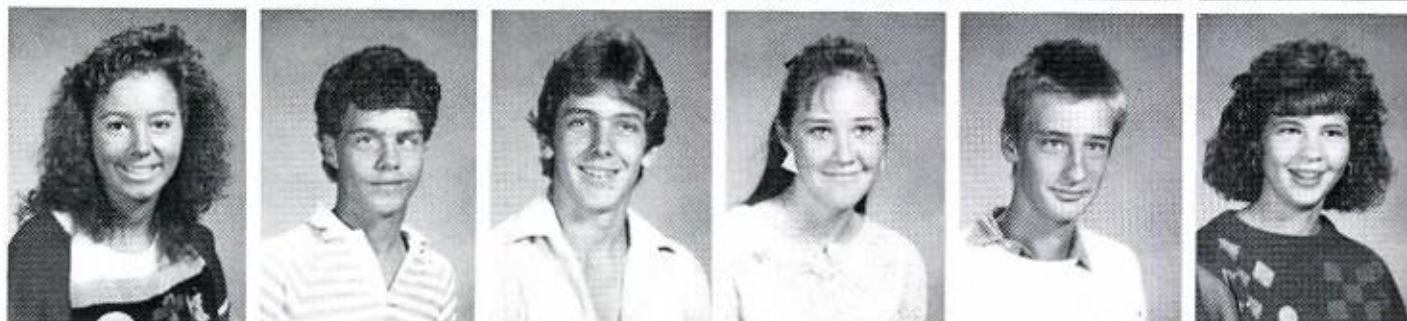

While attending Little Elm High, Amy has enjoyed playing the clarinet in the Lobo Band and also participating in basketball and track. She also plays basketball for her school in Korea.

Amy will return to her home in Korea in August 1988, but she leaves behind a host of friends and memories.

Ring Ceremony

A new tradition was started this year for the Junior Class. On December 16 at 7:30 p.m., the juniors received their rings in the gym, which was decorated and set up by the Student Council. Juniors chose a senior for the honor of placing the ring on their finger. **Billy Roebken** chose **Robert Perez**. Some chose a brother or sister; **Mario Barientos** chose **Henry** while **David Jones** chose

Jennifer. Others chose their boy or girl friend. **Mary Craig** was chosen by **Rodney Sherrin** to give him his ring. **Lauri Pfingsten** expressed the feelings of many juniors when she said, "The ceremony gave us a chance to acknowledge our ring, not just start wearing it one morning." The ceremony went smoothly and was followed by many exchanges of: "Would you turn my ring?"

From Diapers To Diplomas

"It seems that it was only yesterday ..." As graduation grew near, many parents and students thought back over the years to the childhood days of

cutting new teeth, dolls, tricycles, sandboxes, and the first day of school. Where did those 18 years go? ...

Cori,

It's been such a delight sharing these 18 years with you. Now as you go out into the world. Remember we love you and we're proud to be your family. You have something very special to offer the world. Good luck and God bless.

Love, Mom, Robbie, and Lori

Mary,

Congratulations to the finest daughter any mother could ever hope for. I wish you all the luck and success that life has to offer. You deserve the very best.

All my love forever, Mom

Twins,

When you-two were born, I belonged to the Mother of Twins Club. Their logo was "God's Chosen Ones". It was double laughs, double tears, and most of all, double pride in watching you grow. Aim your goals high in life, be there for each other, stay the winners you are and you will have success.

Love, Mom and Dad Dean

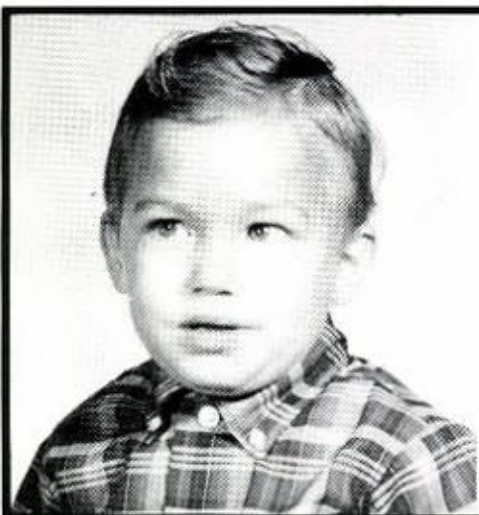

Donavan,

Son, I missed out on a lot while you were young. I didn't get to see you cut your first tooth, take your first step, and a lot more because of truck

driving. But I have had a great 3 years with you and love you very much. My wish is to see you graduate and go far in life. I will always be there for you.

Dad

Scott,

Congratulations! We love you.
Mom and Bill

... Through the cheers and tears of growing up, the Seniors at Little Elm have become the young adults we can be

proud of. Best wishes for the future to the Senior Class of 1988!

The End ... Graduation!

Keith Belew looks back in his years while waiting to be called upon.

Marla Bell waits patiently in line before the big moment.

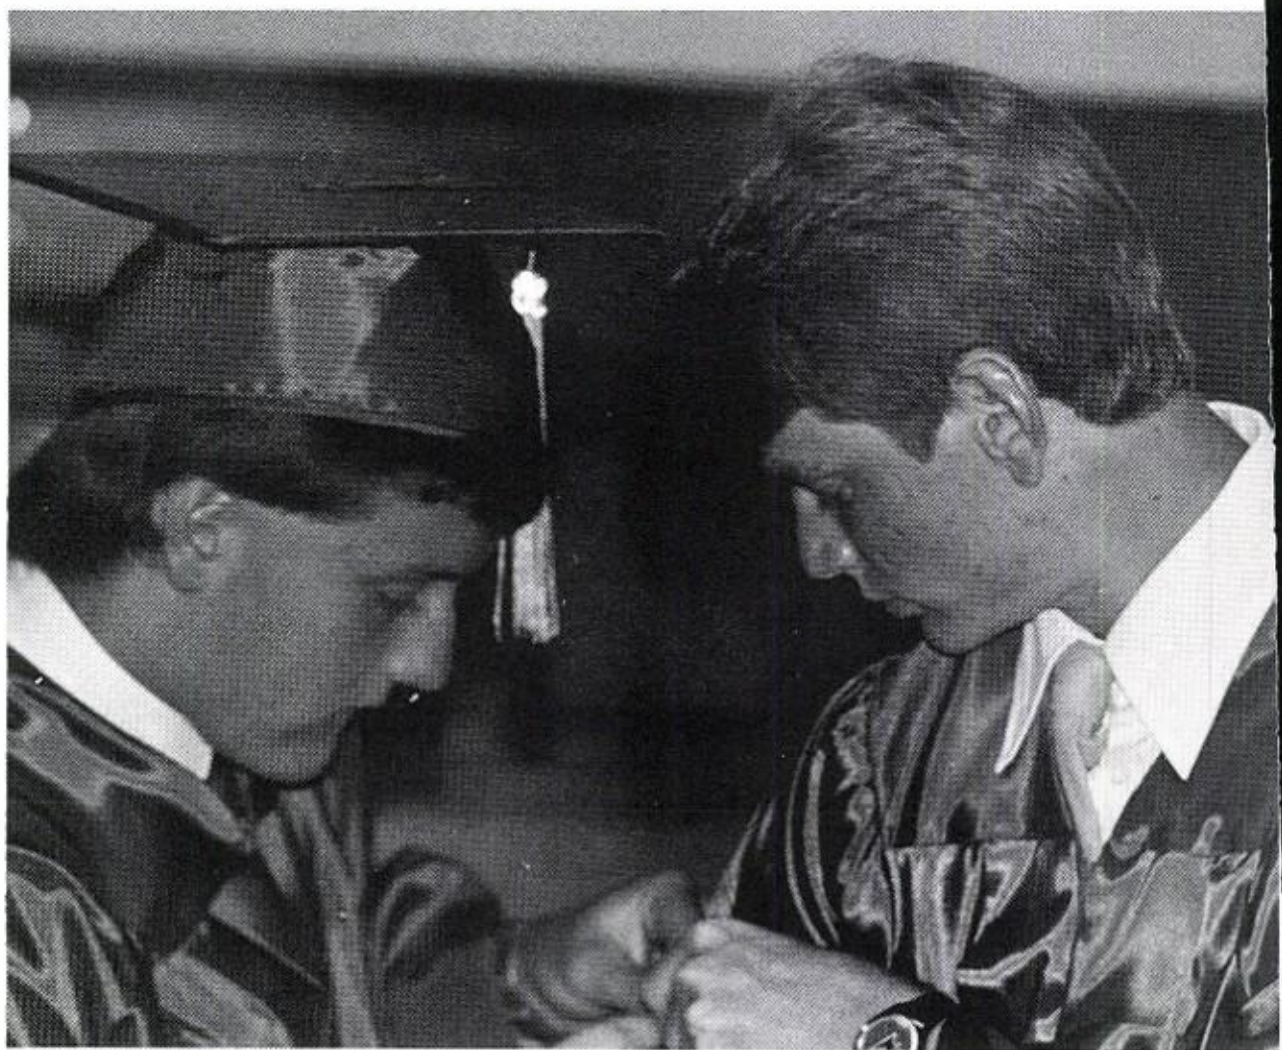

"Pomp and Circumstance." The rustle of blue graduation gowns. Tassles bobbing excitedly across the rows of the 47 1988 graduates. A jam-packed auditorium filled with an air of emotion. **Kim Newell** and **David Jones** passing out dozens of yellow roses. These are some of the outward views of graduation night at L.E. Let us remember the inward feelings of that marvelous evening. A thought in every senior's mind: the 13 years of school are over! No more homework, late nights studying for getting up early. (No more...until college, that is!)

The night had its moments...**Jimmy Mueller's** speech on how they used to be consid-

ered the worst class to pass through L.E., **Steve Poe's** loud and boisterous cross of the stage, **Steve King's** "flip of his tie," **Mrs. Alves'** remembrances of the senior trip, **Col Anderson** (as usual) crying through the whole thing, and everyone needing to go to the bathroom!

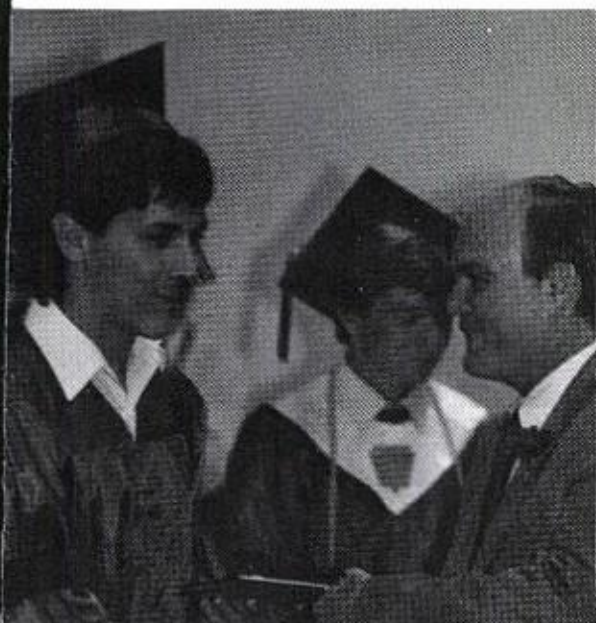

As the ceremony ended many hugs were exchanged and pictures taken. But no matter what their goals or plans may be, the Graduating Class of 1988 will surely succeed. They have come a long way and will provide an inspiration that the coming classes will be proud to follow.

Congratulations to the Senior Class of 1988!

VAC

On The Job . . .

The VAC allows students 16 years and older enrolled in special classes to obtain entry-level work experience under the guidance of Jackie Naugher, VAC teacher.

Students, in some instances, may take a 1-hour a day work lab without pay. These work labs can be in any area on campus where a student can take directions from a supervisor and demonstrate that he can carry out those directions.

Students may work $\frac{1}{2}$ of each school day, or 15 hours a week in off-campus work experience under the vocational director. Work adjustment skills are regularly evaluated by their employer and director.

Students Prepare For The Future

LEHS has offered FHA since 1973. The teacher, **Mrs. Decker**, has been here since 1976. Sadly, **Mrs. Decker** has resigned to take a position as a counsellor at Collinsville High. LE offers Home Economics I, Child Development, and Home Management. Currently, 28 students are enrolled in these classes. **Mrs. Decker** says that home economics classes "improve knowledge and skills for the occupation of homemaking and/or prepares for gainful employment in home economics occupations."

The Lobo Band Plays On!

"One . . . two . . . ready . . . play!", directed band instructor **Charles Lynch**. The music floated through the air, and another year of marching routines, concerts, and contests was underway. The band members put forth much time and effort during practices, which, according to **Mr. Lynch**, enabled the Lobo Band to "be as good, if not better, than any other band in our district." The band was a group of talented students who were

dedicated to their music.

Our band performed three concerts for the public, including a well-received mini-concert at Open House, two concerts for school assemblies, and marching routines for all Varsity football games. "The major obstacles we had to overcome were the small size of the band and scheduling," said **Mr. Lynch**. The Lobo Band had an excellent year and has plans for an even brighter future.

TWIRLERS

The roar of the crowd and sounds of flutes rang throughout the stands. With the color guard's help, the band became enthused and spread Lobo spirit throughout the stands.

The Lobo Twirlers work hard to bring it all together for their performances at half-time during the football season. The twirlers go to a camp, held at NTSU during the summer, to learn new techniques. Their sponsor was **Mrs. Darda Shamkin**. CHEERLEADERS

"Ready . . . O.K.!" was the routine chant yelled at the beginning of every cheer. Varsity and Jr. Varsity squads went to camp July 16th-19th. The Varsity was the first L.E. squad that received 4 superior ribbons and a nomination for the award of excellence. The JV earned 2 excellent and 2 superior ribbons; both received a Spirit stick.

During football 2-a-days, the cheerleaders made posters, planned pep rallies, and served players. During the sport seasons, weekday practices were a must. "I'm going to miss cheering a lot; I will always treasure the memories the squad helped me create," said

L.E. Varsity: RIGHT: Cori Anderson (top), Krissi Higgins, Christi Burton (middle), Monica Shamkin, & Jennifer Jones (bottom).

From The Sidelines

Sr. Jennifer Jones.

After a busy but fun-filled year, it was time to practice for tryouts with new candidates. "I love to cheer, but I'm glad I don't have to tryout again!" laughed Sr. Cori Anderson. Finally, a new "fall line-up" was chosen for the next year. "All for Little Elm -- stand up and holler!"

The Student Council had a class this year specifically for teaching and building leadership qualities in the elected representatives and other officials.

The Student Council spread their duties to influence the students in many ways. First of all, the council members voted on making a constitution for the Student Council. This Constitution set the rules and obligations of each member and how the council should act from now on. The Constitution also allows for amendments to provide flexibility in the fu-

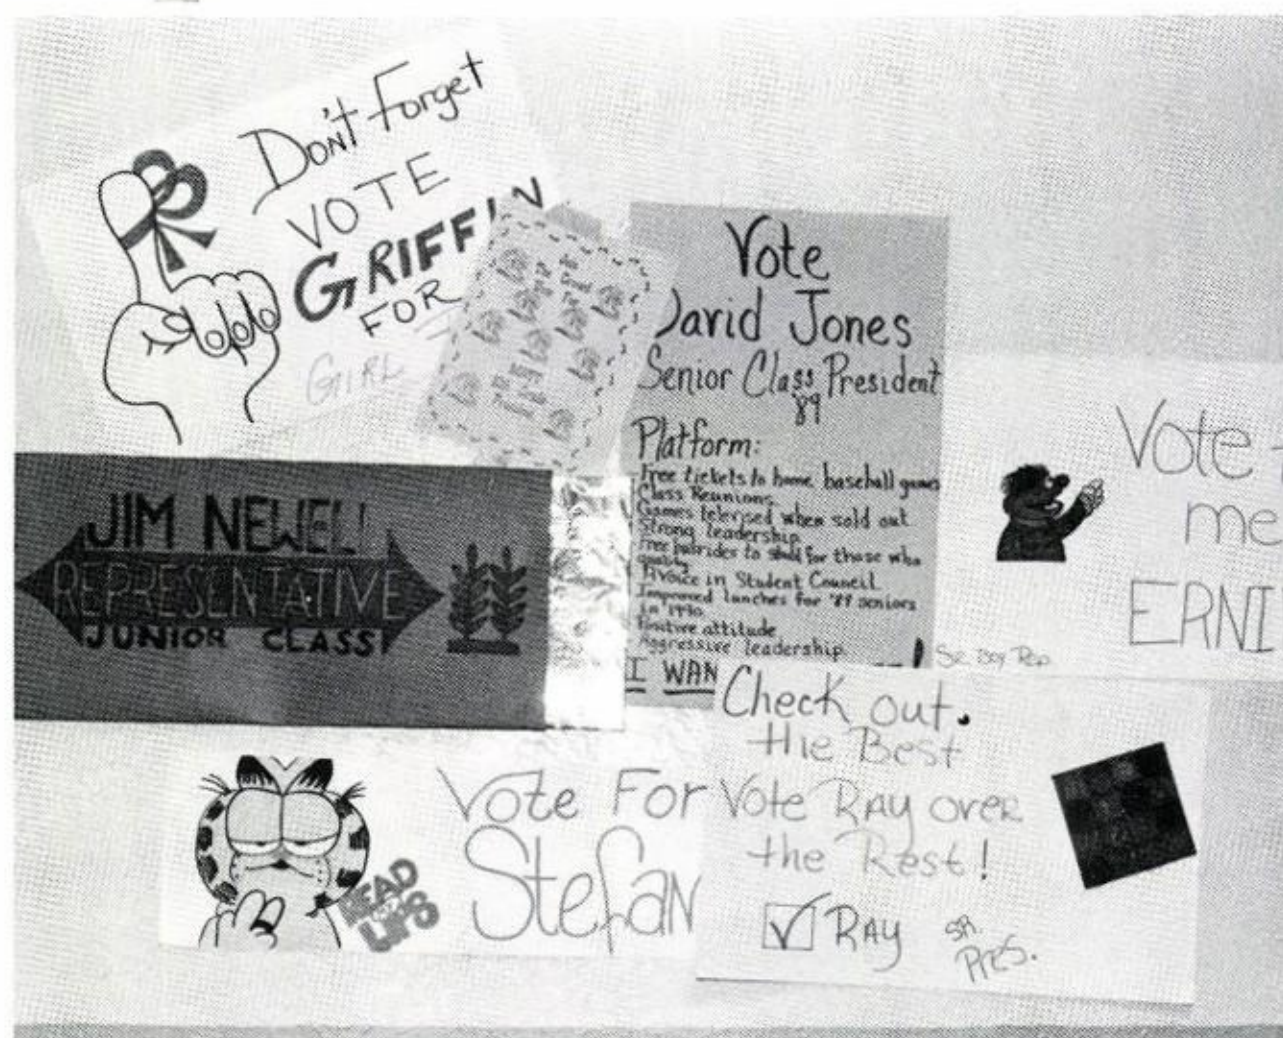

ture.

The Student Council also established the Ring Ceremony for the Juniors. They also made a "reward system" for all the students who made the A/AB honor roll.

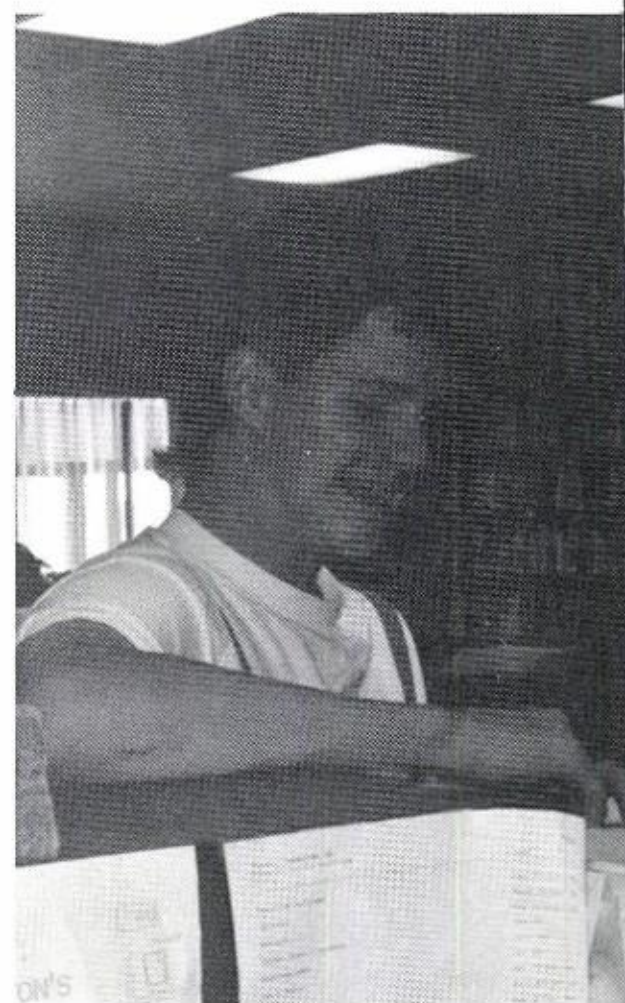

The Student Council sponsored other programs to insure the health of the students. Such programs were "Save a Sweetheart Week" to encourage people not to smoke. Then they created the "S.M.I.L.E." week. This program persuaded Prom-goers not to drink. During the week of Valentine's Day, the Student Council sold

balloons and colored carnations to students to give to their special friends. They also set up a bank account for the ill Richard Ortega, Sr., in Little Elm and deposited money raised from the Spirit Box and donations from parents that were requested by letters sent out with their children's report cards. The total amount raised from their grand effort was \$250.00.

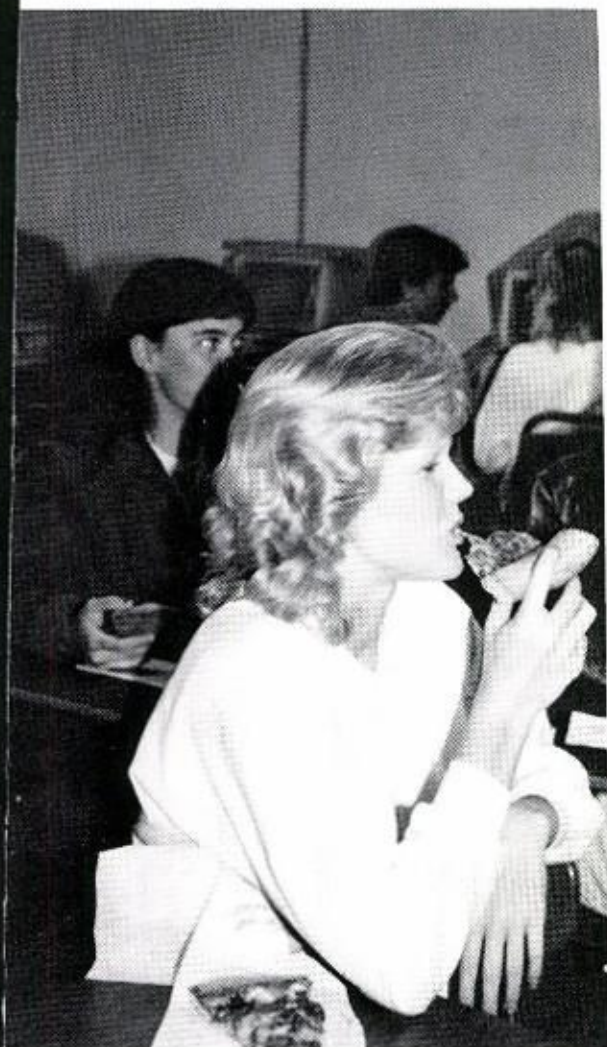

Yes indeed, the Student Council truly did their best to make the school-life of the Little Elm students more interesting and enjoyable!

FOOTBALL '87

Turnovers. That was this season's biggest problem according to **Coach Roy McGee**. But the team did score against every team except Celina. They were even ahead of Pilot Point during the first quarter. **Coach McGee** believes that the offensive output was better than in previous seasons. The offensive line had their act together and the backfield really came through much of the time. A lack of speed often hampered performance, however. The defense was weaker than last year, unfortunately. As usual, a simple lack of players put a strain on the overall strategy. It was a 2-8 season with victories over Anna and Van Alstyne. **Coach McGee** felt that with fewer fumbles and a few breaks it could have been a 6-4 season.

Many of the thrills of the season were provided by senior **Larry Stone** who passed and ran for a total of 1323 yards. Some of his kick-off returns are forever etched in everyone's memory.

Coach McGee's final comment was, "This year's team was less individualistic and brought about a sense of unity."

Out Of The Huddle

Set . . . ten . . . hut! are the words yelled by the offensive and of the football team. This past season, the J.V. lost many of their players to the varsity. "Football at Little Elm is sometimes perceived to be a joke, but we proved it wasn't this past season. It was hard

work, but we got a lot out of it," stated J.V. player, **David Lewis**. Though small in number, the team played with that characteristic Lobo Pride. They beat only one team, but each game provided evidence of their toughness and sportsmanship.

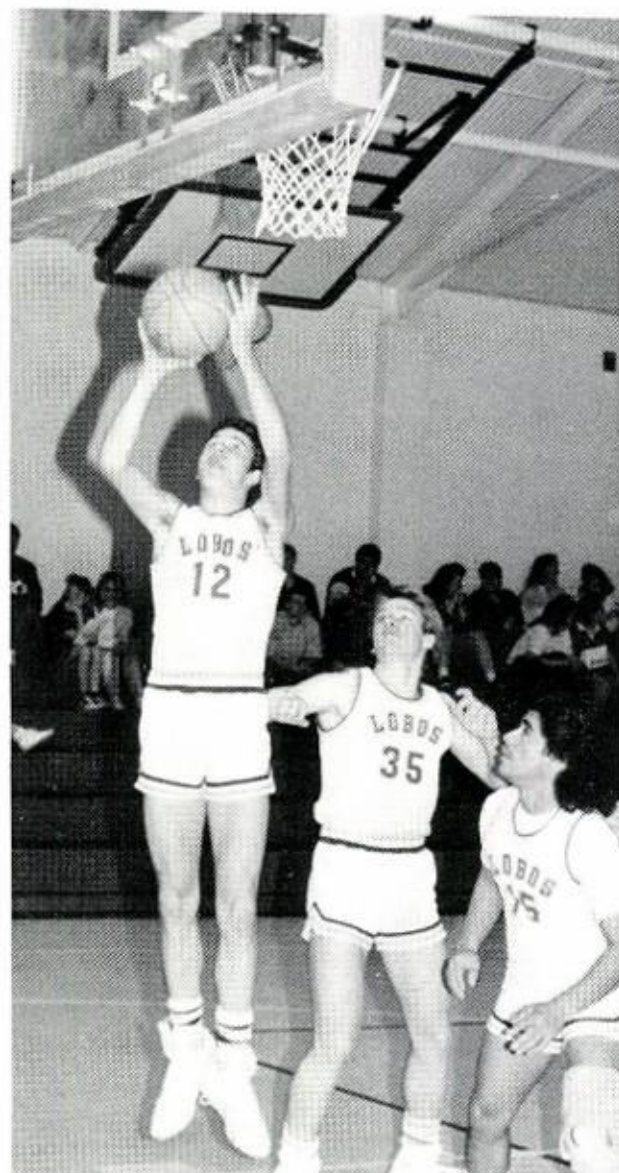

Down The Court

Three . two . . one . . . buzz! The crowd roared as the scoreboard flashed 80-60 victory over the Celina Wildcats. "We really whooped up on them!" yelled **Johnny Russo** (Capt.) The spirit was seen throughout the season as the team continued to improve with each game. "With players ranging from 5" to 6'2", we gave up alot in size, but we learned to compete and make up the difference by playing as a team," said **Coach Sheehan**. The strongest factors found in the Varsity and JV were those of speed and endurance. The team averaged 43 pts. per game with their shooting skills.

Through The Hoop!

Swish ... another basket! The crowd roared as the Lady Lobos once again defeated their opponents. With the help of a spirited crowd and dedicated players, the Varsity and J.V. teams were able to have a winning season. Sophomore Captain and Varsity member, **Cindy Lara**, was "glad people were supporting the teams!" Many freshmen were also given a chance to prove their skills on the Varsity court this year. "I really enjoy basketball, and I feel I learned a lot about the concentration needed in Varsity games," said

Debbie Hemm. Senior Captain **Denise Cain** agreed, and said that, "Basketball was a leadership experience that will help me overcome other obstacles in life."

The many weeks of difficult practices eventually paid off for the Lady Lobos as they averaged 42 points per game, exceeding their goal by half. "The strongest part of the teams this year was their defense," said **Coach Debbie Johnson**. The teams expect to do even better next year in the new district and plan to go to the play-offs.

Cross Country

Our Cross Country teams **dy Lara** was 12th (14:35); and came alive in their first year. **Kathy Traxler** was 61st (14:45).

Girls and boys both won District, and the girls won Regional; the boys tied for second. Both teams boarded a school bus for the journey to Georgetown and the State Meet on Friday, Nov. 13 at 9:00 AM.

The boys, running a longer course (5000 meters) later that day, placed 2nd in Class AA just a few points behind Eldorado. **James Hall** was 7th in his class

Saturday was a cold, windy day. The girls' race began at 11:15. Our brave girls ran 3200 meters (a little more than 2 miles) and finished 4th in Class AA. **Jeanetta Hall** placed 6th (13:13); **Emily Lara** placed 8th (13:17); **Cin-**

(17:28); **Bill Miller** was 11th (17:39); **Richard Ortega** was 35th (18:17); **Johnny Russo** was 46th (18:36) and **Weldon Russo** was 81st (20:18). It was proud moment in the history of Little Elm High.

ABOVE: **Jeanetta Hall** thoroughly appreciates this victory at district.

On The Right Track

The boy's track team experienced an outstanding year. They won four trophies prior to District competition. At the District meet in Celina the results were as follows: 3200 meter run: James Hall, 1st, Bill Miller, 6th, 400 meter run: Larry Stone, 5th. In the 1600 meter run James Hall was 1st and Bill Miller, 6th; 1600 meter relay: Larry Stone, Mac McGee, Jimmy Mueller, James Hall, 4th; Pole Vault: Johnny Russo, 6th; and 400 meter relay: Larry Stone, Mac

McGee, Jimmy Mueller, and Steve King, 5th.

A school record was set this year on April 9 in Frisco by senior James Hall of 4:36:35 in the 1600 meter run. The old record had been held by Kelly Braswell ('83). Some other outstanding runners this year were: Jimmy Mueller, fastest sprinter and Mac McGee, fastest hurdler.

In April James Hall qualified at Stephenville for the State Track Meet in Austin on May 14.

The Thrill Of Victory

30 yards, 20 yards The Lady Lobos broke the ribbon all the way to Regionals. The beginning of the year started off well, but no one expected such a great ending. At District, the Lobo mile relay (**Sabrina Burgert, Cindy Lara, Toni Hayes, & Jeanetta Hall**) threatened the previous champions, Celina, as they came in a close second. Others (**Krissi Higgins, Raelene Tsosie, & Emily Lara**) qualified for Regionals in events ranging from the 100m. dash to the 3200m. run.

As the dust cleared over Tarelton State University two weeks later, **Jeanetta Hall** and **Emily Lara** both excitedly advanced to State in both the one and two mile events. With the help of friends, they continued to workout and push themselves. Then on May 13, **Emily** and **Jeanetta**, along with 16 supporters, took off for Austin. **Emily** placed 3rd and 4th and **Jeanetta** took two 5th places.

The Lobo girls will have a new District next year with many experienced athletes returning. This season was perfectly stated by **Emily Lara** when she said, "I made it!!"

Little Elm played some hard hitting games this year. As the coach would continually say, "A scoreboard does not always indicate the winner."

Crackin' the bat in District 12 A A

"Hey, batter, batter; Hey batter, batter; Hey batter, batter, WHOP!" That's just what Little Elm did to Pilot Point. Ahead the whole game, the Lobos showed the District Champions what they were made of! "Though the score showed a loss by one point the Bearcats did not leave with a feeling of victory," says **David Jones**. The season continued to bring the Little Elm Lobos wins and losses. Many long, hard hours were put in before and after school on maneuvers to be used against Little Elm's opponents.

Coach Holbrook always stayed enthusiastic and encouraging towards his players, and they appreciated it! **Scott Franklin** commented, "We played some pretty tough games this season, but Coach kept us going, and that determination seemed to mark this season perfectly."
